

**FINDIT**  
**Australian Chapter of**

**NASSCOM®**  
**www.nasscom.in**

The Forum of Indian IT Companies (FINDIT) is the association of quality focused Indian IT companies operating in Australia either by themselves or through a branch or subsidiary incorporated in Australia.

**Objectives:**

FINDIT aims to:

- Establish the brand 'India IT' as a top notch industry in the Australian & New Zealand market, with the capacity to offer enhanced and top of the range IT services and solutions
- Build bridges and leverage synergies between the Indian IT and ITES industry and the ANZ markets
- Facilitate tapping of business opportunities for the benefit of Australian as well as Indian IT companies
- Act as an interface for the Indian software and services industry in ANZ
- Work actively with the government at various levels to address mutual issues and concerns
- Add value to the Australian IT industry by fostering enhanced understanding and partnership to complement each other's strengths
- Encourage members to be good corporate citizens in Australia
- Drive the overall growth of the global offshoring market and maintain India's leadership position by taking up the role of a strategic advisor to the industry
- Support the Australia India Information Industries Business Network (AIIIBN) established under the MOU between the Australian and Indian Governments
- Work closely with the Australian Information Industry Association (AIIA) under the MOU between NASSCOM and AIIA
- Foster relations with Australian Universities with the aim of creating a wider scope of development of talent and skills through the annual NASSCOM Student Innovation Awards

## **Key Activities**

FINDIT meets its objectives by organizing activities involving and benefitting all its members. These activities include:

- Active lobbying with the Australian Government on issues faced by its member companies like immigration policies and issues, Government procurement, advocacy on public policy, international trade development, research and market intelligence services and access to an international network
- Partnering with organisations like the Australia India Business Council (AIBC) in organizing issues-based seminars covering important topics such as skills shortage, immigration, taxation, insurance, the Australian workplace and its requirements, etc. Speakers from appropriate government and industry organization are invited to help members understand and discuss these issues through interactive networking forums.
- Introduction of the annual NASSCOM Student Innovation Awards for pre- and post-graduate students studying IT in Australia, to recognize, promote and showcase new creative talent
- Accelerating trade development efforts, improving talent supply, strengthening local infrastructure, building partnerships and driving operational excellence
- Boosting the process of innovation, IT workforce development and enhanced cyber security
- Interaction with Universities across Australia to promote the Awards and invite submissions, as well as create mentoring opportunities for students with member companies
- Continuous interaction with the High Commissioner of India, the Consul General of India in Sydney, to promote the contribution of the IT industry to the overall Australian economy
- Organising interactive local forums with visiting Indian delegations or heads of industry with the intent of developing business opportunities.
